

- Bramham PC Comments on Representations Made - 23rd July 2018

As scheduled under the 'Representations Made' heading, Leeds City Council received 10 representations on the Bramham cum Oglethorpe Neighbourhood Development Plan during the Consultation Period.

Six of these representations are from Statutory Consultees who say either that they commented on the Regulation 14 Consultation and have nothing further to say, or that comments in their Regulation 14 response appear to have been addressed in our Regulation 16 Plan. The remaining four representations are from neighbourhood residents, all of whom are very supportive of what we've put together.

As a result, the only comment the Parish Council wishes to submit on these representations is that we are very gratified that our Regulation 16 submission appears to satisfy not only those Statutory Consultees who took the opportunity to respond, but also those neighbourhood residents who did the same.
